Tenente LS

*T*enente LS (from Luis Salgado) arrived with me in the fall of 2007 at 2:30 in the morning! He'd trailered from quarantine in Florida all the way to my farm in Connecticut, came off the trailer, looked around, got in his stall and fit right in. He has the best brain I have seen in a long time, and he is beautiful and talented. Since then I have ridden Tenente many places, and featured him in the upcoming DVD *The Chi of Riding*, a film about Tai Chi and riding. Last summer he did extremely well at the Andalusian Lusitano show, and was awarded USEF 'Horse of the Year' for Region 6, Performance Horse category. I look forward to many years with this beautiful horse and thank Dominique and Debra so much for finding him!
