## TESTIMONIALS

### REBECCA & UNIVERSO

#### *Universo*

*W*orking with the Barbiers to find a horse that is perfect for me has been a remarkable experience. From traveling to Brazil and exploring the breeding farms and meeting the breeders and riders to having individual horses hand selected just for you, one cannot ask for a more complete and educational experience.

Universo has turned into the horse I never knew could exist and every day I can't believe I get to share my life with him. Incredibly generous and kind, I could not have asked for a more perfect match. Oh, and he just happens to be absolutely, amazing gorgeous! 🌟
