This young horse combines a striking beauty, and remarkable character and presence with a fabulous pedigree. VOYEUR has perfect show-ring presence, with big movement and power. Lateral work, canter pirouette, and ready to start his changes. If you are looking for a young competition horse, he is the perfect choice.

A son of the Grand Prix Lusitano stallion PANTANAL FILHOS DO VENTO who has incredible movement and is producing exceptional offspring. His two first sons were exported to Europe: one is doing very well in dressage, the other in bullfighting. PANTANAL's sire is Dragão II, out of Jararaca by Príncipe VIII. DRAGÃO II was imported to Brazil, where he enjoyed an important career as a breeding stallion. VOYEUR is a grandson of NEPTUNO, a very famous bullfighting stallion in Europe, especially in Spain.
